The Society on Social Implications of Technology (SSIT)
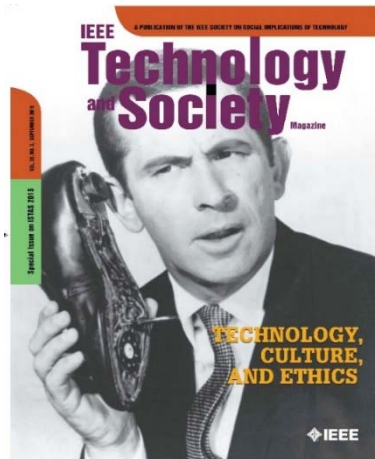

of the Institute of Electrical and Electronics Engineers (IEEE)

https://technologyandsociety.org/

- How does technology impact the world?
- How does the application of technology improve the world?

VE496 Group Presentation

- **15 minutes + Q&A** (for 2-3 speakers)

- Talk about the social implication of an ongoing research, existing product, new invention in an engineering field

Purpose of Your Presentation:

– To articulate and explain the relation between engineering and society:

a. how technologies impact society

b. how society influences engineering practice

Audience Expectations:

– Your audience will learn about:

a. how engineers work among themselves and interact with non-engineers to meet specific societal needs

b. how engineering and its technological artifacts impact society both locally and globally.
